## It All Began One Summer ...

My name is Sarah Leatherby. When I was four years old, my parents wanted to open a business so we could all work together. I have lots of brothers and sisters.  
My big sister Shelly thought of an ice cream store because we sure like ice cream. We had to think a long time for a name. Then Rachel said how about just Leatherby's. My mom and dad and grandpa and big brother are the bosses.  
I like to go there with my friends and see my family. They like the ice cream. My dad says we can give lots of it because we make it right there. On sundaes sometimes the sauce drips over the side. The people are really friendly. It's a nice place.  
Our creamery works to help our neighbors in town who need it. My dad says it is important to share with others.  
We are a big and happy family. We have fun together. I hope you have fun at Leatherby's, too.

Thank you,

*Sarah*

# Leatherby's Family Creamery

**The Leatherbys**

## Here's How We Do It

The Leatherby family takes pride in preparing freshly whipped cream, savory soups, hearty salads, thick homemade sauces and most important ... rich handmade ice cream.

In our kitchen where lingering aromas of caramel, chocolate and pineapple are familiar scents, you will find hand-stirred sauces cooking in our large 60 gallon candy kettle.

We select the best grade ingredients to arrive at our rich, premium ice cream. To insure a fresh and delicious product, we make it right here in our Creamery.

You can observe us producing ice cream and watch it go from the ice cream machine, directly into a freezer 30 degrees below zero. This process guarantees you the freshest, highest quality taste that you are about to enjoy.
